PROFESSIONAL SUMMARY

Frontend Engineer with a background in high-stakes operations and critical care. Expert in building responsive, user-centric web applications using **React, Next.js, and TypeScript**. Having navigated complex **EHR** systems for years, I bring a unique perspective on UX friction points and the critical need for intuitive design. I combine a developer's technical mindset with a **Sales Manager's** focus on business goals, ensuring every line of code drives both user satisfaction and organizational growth.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, Java | **Tools:** Git, GitHub, Firebase, Vercel, WebGL

Frameworks: React.js, Next.js, Redux, Three.js, Tailwind CSS, Material UI, API Integration

TECHNICAL INTERNSHIPS (via Frontend Simplified)
